

Air Force Space Command, Vandenberg AFB
Cultural of Responsible Choices (CoRC) Best Practices

POC: Capt Brian Martin, 30 MSS/DPM, DSN: 276-7499

1. Developed an all in one Wingman Card (attached). Originally produced 500 hundred; working on 2K more. This will ensure everyone on base has one
2. Produced a "Right Choices" DVD. Wrote script, found actors from the base and filmed the entire thing on base. The Wing/CC loved it and has asked that everyone on Vandenberg to watch it. We have several more scripts already written and are about to begin filming on another one.
3. Built a CoRC link on the Wing website.
4. Built a calendar for the entire year that identifies dates that are traditionally heavy drinking times of the year, for example Super Bowl Sunday or St Patrick's Day. Command Post then sends out a message the day before to the entire base.
5. Vandenberg CoRC committee has POCs from every group on base; they rotate on a bi-monthly schedule in organizing wing events. Some of the things we have done are Late Movie nights, Bingo, Basketball tournaments, video game tournaments and all night bowling
6. Also developed a CoRC logo (see attachment); goes on anything printed—easily identifiable by people base-wide
